

## Office Hours During Holiday Period

---

Please be advised that the offices of Nezbec Fruit Co. and its affiliated entities will observe modified operating hours during the forthcoming holiday period.

During this period, general correspondence will be received but responses may be delayed. Urgent matters should be flagged accordingly in the subject line of written communications.

Standard distribution operations will continue on a reduced schedule. Agents requiring confirmation of delivery timelines during the holiday period should contact their designated regional coordinator in advance.

The General Affairs Department, Commercial Affairs Office, and executive offices will resume standard operating hours following the conclusion of the holiday period.

We appreciate your understanding and continued cooperation.
